Pathway notes:

Independence Day

We all have one HUGE, UNSOLVABLE, UNAVOIDABLE problem: SIN

FACTS ABOUT SIN

Fact #1: We have all sinned (Romans 3:23)

We have trivialized sin.

Fact #2: God hates sin and the penalty is death. (Revelation 21:8)

God is love, but God is also just and holy.

Fact #3: We are not and can not be good enough. (Ephesians 2:8-9)

God does not grade on a curve.

Jesus said, "I AM..."

THE WAY:

- Not a way or one of the ways.
- The destination is a person - - God.

THE TRUTH:

- Jesus is the reality of all God's promises.
- He is the perfect reflection of all of God's character.

Pathway notes:

THE LIFE:

- Jesus joins His divine, perfect life to our life.
- This life is not just for the future - - starts now.
- Eternal life - - secured by Him alone.

RE-CAP

1. The human condition is a desperate state of affairs.
2. God, who is rich in mercy, provides us a way - - a solution to our great problem.
3. The sacrifice was great because the consequence of sin is also great.

TWO CHOICES: ACCEPT OR REJECT

- Not to accept is to reject.
- To accept is more than I'm sorry; there must be repentance.
- Just like you cannot be good enough, you cannot be bad enough. God's solution is for everyone.
